Communication

Extensive communication about the Conference and Expo will take place via various channels.

Exposure for partners and exhibitors will be attained via direct e-mailing to an extremely top-quality and exclusive database.

We will communicate about the event at all social media and several newsletters which we sent out from September 2019 onwards.

Media

The communication strategy also includes online advertisements, button-advertisements, advertisements in printed magazines and notification of the event on the websites of the supporting media partners.

The event will be equally supported in the blogs, trade press, newsletters, websites and twitter of the international media partners.
